

Dear Commissioner,

My name is Aimee Berrett, and I am a junior at Eldorado High School in Albuquerque, New Mexico. I recently read The Jungle, by Upton Sinclair, in my English class, and I became aware of downed animals being used in packing houses even though it was made illegal in the First Food and Drug Act of 1906. I am very much in favor of the Downed Animal Protection Act, Docket # 98P-0151/CPI, and would appreciate it if you would consider my opinion and vote in favor of the act. I believe that it is very cruel to treat harmed animals so harshly, and I also think that the cleaner and more sanitary the packing houses are, the safer all of us will be. Thank you very much.

Sincerely,

Aimee Berrett
